Report on Review of Condensed Interim Financial Statements

To The Board of Directors
Jordan Loan Guarantee Corp.
Public Shareholding Company
Amman - Jordan

Introduction

We have reviewed the accompanying condensed interim financial statements of **Jordan Loan Guarantee Corp.** comprising the interim statement of financial position as at 30 June 2022 and the related interim statement of profit or loss, interim statement of comprehensive income, interim statement of changes in equity and interim statement of cash flows for the six-months period then ended and the notes about condensed interim financial statements. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard number (34) "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements number (2410) "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of condensed interim financial statement consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard number (34) "Interim Financial Reporting".

1 . General

Jordan Loan Guarantee Corp. is a public shareholding company incorporated on 26 March 1994. The company was formed as successor to the Loan Guarantee Project as result of the Council of ministers' decision that transferred all accounts and assets of the project to the Central Bank of Jordan in preparation for the establishment of a public shareholding company for loan guarantee. The Company head office is in the Hashemite Kingdom of Jordan.

The company's goals include providing guarantees to fully or partially cover loans of different types, granted by banks and financial institutions for the establishing, expanding, and raising the productive and marketing capacity of economic projects with the aim of creating job opportunities and securing possibilities for earning or saving foreign reserves. The company's goals also include extending guarantees required to cover risks in the field of Jordanian export sector.

The Company's stocks are listed in Amman Stock Exchange – Jordan.

The accompanying condensed interim financial statements have been approved for issue by the Company's Board of Directors on 28 July 2022.

2 . Summary of Significant Accounting Policies

Basis of Preparation

The condensed interim financial statements of the Company have been prepared in accordance with International Accounting Standard number (34) "Interim Financial Reporting". They do not include all of the information required in annual financial statements in accordance with IFRSs, and should be read in conjunction with the financial statements of the Company for the year ended 31 December 2021.

The condensed interim financial statements have been prepared on a historical cost basis except for financial assets at fair value.

The condensed interim financial statements are presented in Jordanian Dinar which is the functional currency of the Company.

The accounting policies are consistent with those used in the previous period.

Use of Estimates

The preparation of the condensed interim financial statements requires management to make estimates and assumptions that affect the reported amount of financial assets and liabilities and disclosure of contingent liabilities. These estimates and assumptions also affect the revenues, expenses and the provisions. Such estimates are necessarily based on assumptions about several factors involving varying degrees of judgment and uncertainty and actual results may differ resulting in future changes in such provisions.

- Management reviews periodically the tangible assets in order to assess the depreciation for the year based on the useful life and future economic benefits, impairment (if any) is taken to the interim statement of profit or loss.
- Management reviews periodically provisions against loan guarantee to assess their sufficiency according to (IFRS 9) and the Company's policy and the risk management assessment.
- The measurement of impairment losses under IFRS 9 requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. Elements of the expected credit loss model that are considered accounting judgments and estimates include Probability of default (PD), Loss given default (LGD) and Exposure at default (EAD).

7 . Fair Value of Financial Instruments

The fair values of the financial assets and liabilities are not materially different from their carrying values as most of these items are either short-term in nature or re-priced frequently.

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset or liability.

<u>30 June 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Financial assets at fair value through other comprehensive income	916,685	145,000	104,190	<u>1,165,875</u>
<u>31 December 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Financial assets at fair value through other comprehensive income	916,253	145,000	104,190	<u>1,165,443</u>

Financial assets included in level 3 are stated at cost less impairment charges, as the fair value of these assets cannot be measured reliably due to the lack of available active markets for identical assets.
